Jurisdiction

This Court has jurisdiction over this matter pursuant to 28 U.S.C. § 1332.

On October 2, 2013, David Kemp, an IT manager at Harvard School of Public Health began to use our electronics to track our whereabouts and to send messages that seemed a bit disturbing.

Mr. Kemp, via the iCloud system, activated the "Where's my phone" app "to track our 13 year old and myself. He then used that same app to control all of our apple products.

The first instance of harassment occurred when my son was on the school bus on his way home. His phone (which was ~~that~~ powered down) came on and began to alarm. A message appeared on the screen at 2:07pm "Selani where are you? Call your father now." My son arrived at his housestop where his paternal grandmother was waiting. She told him to get in the car. He refused. She drove off yelling out of the window "I'll tell the court." My son ran home.

He arrived home and his ~~mother's~~ phone was put in lost mode again and he was tracked to the house. No sound was made.

The next instance occurred at 3:47 when the off iped started ringing. It had been put in lost mode. I opened the case and the message "The courts will know" appeared on the screen at 3:48 pm.

At 4:02 pm my son's phone came on and it ~~was~~ had been put in lost mode again and tracked to our home.

At 4:45 my son's phone was put on lost mode again.

At 4:50 pm The message "The courts will know." appeared on the screen of my son's phone.

We went to the police station where I was advised to go to the family court to seek relief. We arrived home at 6:35 pm and my iPad was put in lost mode at 6:41 pm. At 6:42 the message "I'm listening" appeared on the screen.

At 6:43 pm my son's phone was put in lost mode and tracked to our home. A message appeared on the screen "I hear everything."

At 7:00 pm an alarm went off on my son's phone.

At 7:27 pm an alarm went off on my son's phone.

On October 3, 2013, I ~~received~~ ^{obtained temporary} a restraining order at 11:58 AM from the West Roxbury courthouse ordering the defendant not to have any type of contact with any members of my household.

At 2:26pm lost mode was enabled on my iPad and an alarm was played on my iPad. I was not home at the time and my 86 year old grandmother was alone. The iPad was tracked to my home at 2:28 alone. The message "You will not keep my son At 2:31pm the message "You will not keep my son away from me" appeared on the screen. My son arrived home.

At 5:14 pm my son's phone was attacked. He
erased everything on it.

At 5:18 pm my iPad was erased.

At 5:23 pm the message "Haha" appeared on my
son's phone.

I feel unsafe. ~~my~~ The ~~plaintiff~~ defendant is an
IT person at Harvard School of Public Health. He
has completely erased my iPad, hacked my email accounts
and ~~most~~ maliciously tormented my son. I would
like him prosecuted to the fullest extent of the law.
This abuse of his craft shows that he should not
be allowed to use the internet or ~~computer~~ technology
period. He should also be forced to replace any
technology he erased.

WHEREFORE, the Plaintiff demands judgement against
the defendant for damages and such other relief
as the Court deems just.
